IMPORTANT INFORMATIONS:

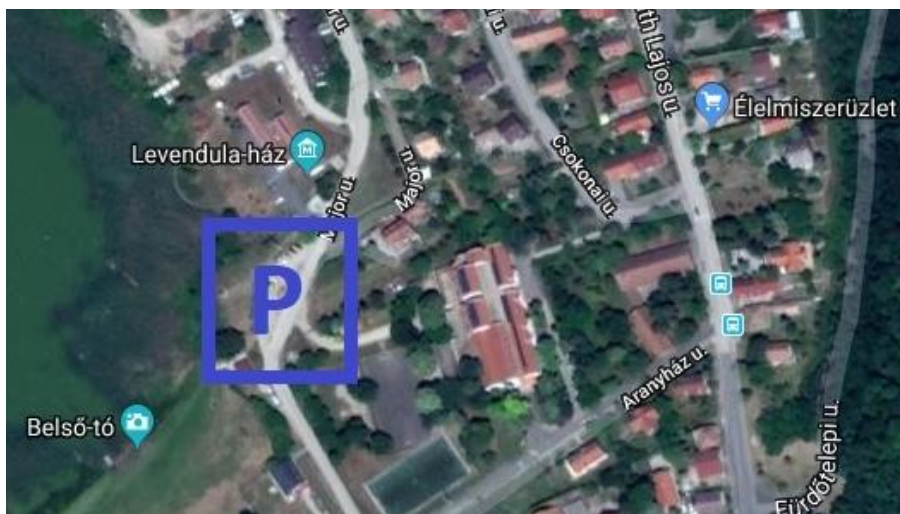

- Around Lake Balaton' is a bit special between the BRM tours, as there is no fixed route.
- It would be impossible to be completely controlled and also to check every participant for this. We would not sanctioned if you are not on the bike path, but everyone can only leave it at his own risk.
- There are no refreshment stations, but the route goes through a lot of shops, there will be no problem getting the right amount of drink and food
- The distance data refer to the bike path. You might experience differences if you use the main road.

Parking places:

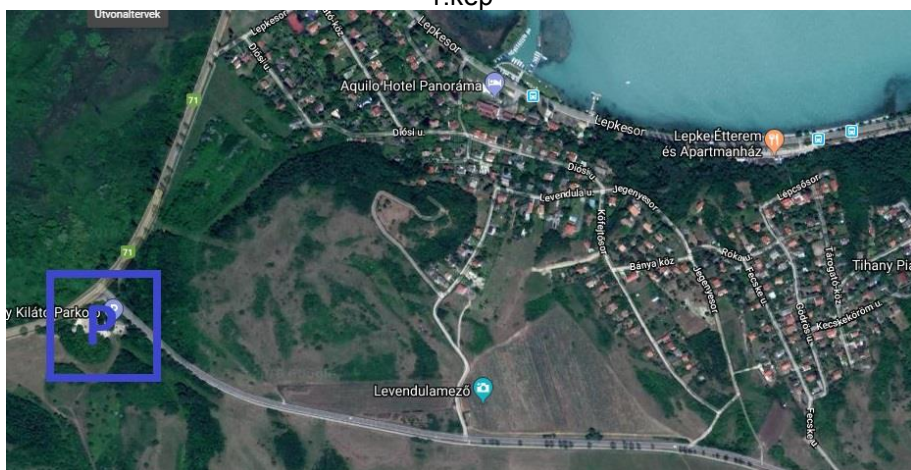

Parking in Tihany is expensive in most places. However, the following places are free. They are farther from the starting point, so they have to ride a little bit.

ORIENTATION:

The 'Balaton Bring Circle' is well signposted, but it is not 100% reliable. You don't make a big mistake if you follow the shore of Lake Balaton between the shore and the main roads so that the lake is always at your left hand.
